

## Our story ...

On the back of our menu, you'll find a beautifully illustrated map that traces the origins of some the ingredients we proudly serve. Each representing a place where our culinary adventure begins - the fertile fields, pristine lochs and rugged coastlines of Scotland.

## Seafood

The North Sea's bounty arrives fresh at our doorstep from Peterhead. Our chefs work closely with our local fishmonger to select the finest catches—haddock, salmon, and naturally smoked haddock. Each fish is carefully chosen to ensure the highest quality and freshest flavours, bringing the essence of the sea directly to your plate.

## Dairy

Mackie's Dairy Farm, nestled in the rolling green pastures North of Aberdeen, offers a delightful range of flavours - from classic vanilla to indulgent salted caramel - that perfectly capture the essence of Scotland. Meanwhile, Graham's Dairy Butter, originating in Bridge of Allan, has spread its delicious influence across all of Scotland.

## Highland Venison

The Highlands' bounty arrives fresh at our doorstep from estates around Scotland. Our chefs work closely with our trusted suppliers to select the finest cuts—tender loin and hearty haunch. Each piece is carefully chosen to ensure the highest quality and freshest flavours, bringing the essence of the Highlands directly to your plate. Highland venison is not only delicious but also a sustainable choice, supporting local ecosystems and traditional land management practices.

## Stornoway Black Pudding

The rich culinary heritage of the Outer Hebrides comes from Stornoway. Each batch of Stornoway black pudding is carefully crafted to ensure the highest quality and most authentic flavours, bringing the essence of the Hebrides directly to your plate. Stornoway black pudding is not only a delicious delicacy but also a sustainable choice, supporting local agriculture and traditional farming practices.

## Sustainability
